

Women's Business Centers – New Mexico

There are currently 100 WBC sites across the United States. All the centers offer financial management, marketing and technical assistance to current and potential women business owners and each center tailors its style and offerings to the particular needs of its community. For instance, WBCs target underserved and minority populations, others address particular issues specific to displaced corporate workers or rural home based entrepreneurs.

The Women's Economic Self-Sufficiency Team was incorporated to assist low-income and minority women through New Mexico. WESST is a microlender under SBA's microloan program. Counseling and mentoring are offered through professional volunteers including attorneys, accountants, insurance agents and benefits counselors. For more information contact the New Mexico SBA District Office at (505) 248 – 8225 or one of the following WESST offices.
